Small Savings Scheme of Post Offices

1702. SHRI KARNENDU BHATTACHARJEE:
SHRI RAMA MUNI REDDY SIRIGIREDDY:

Will the Minister of FINANCE be pleased to state:

(a) the number of occasions when Government resorted to cut in rate of interest on all small saving schemes in post offices and banks together with the details thereof;

(b) the reasons therefor; and

(c) whether Government are aware that such frequent reduction of rate of intertest on small term deposits are likely to have an adverse effect on the growth in small savings besides affecting the income of the salaried group and senior citizens?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI BALASAHEB VIKHE PATIL): (a) to (c) The Government has revised the rates of interest on small savings schemes on four occasions in the recent past *viz:* 1.1.1999, 15.1.2000, 1.3.2001 and 1.3.2002, as the real rates of interest on these schemes were considered to be high preventing downward movement of the other rates of interest in the economy. A lower interest rate structure is expected to stimulate growth from which all sections of the society would benefit. Despite the revision in the rates of interest on small savings schemes, collections have continued to grow. Interest rates before and after 1.1.1999 are shown in the statement enclosed.
